## **INDEKS HARGA PENGGUNA**

*Consumer Price Index*  
(Jan 2015=100)

**OGOS 2020**  
*August 2020*

**SIARAN MEDIA  
JABATAN PERANCANGAN EKONOMI DAN STATISTIK  
KEMENTERIAN KEWANGAN DAN EKONOMI**

**TAJUK UTAMA: INDEKS HARGA PENGGUNA (IHP) MENINGKAT SEBANYAK 2.1 PERATUS  
TAHUN-KE-TAHUN BAGI BULAN OGOS 2020**

---

1. IHP bagi bulan Ogos 2020 meningkat sebanyak 2.1 peratus tahun-ke-tahun berbanding dengan bulan Ogos 2019. Harga Makanan dan Minuman Ringan mencatatkan peningkatan sebanyak 2.5 peratus. Manakala, harga Bukan Makanan mencatatkan peningkatan sebanyak 2.0 peratus.
2. Peningkatan IHP adalah didorong oleh peningkatan harga dan kos Pelbagai Barangan dan Perkhidmatan (11.4 peratus); Makanan dan Minuman Ringan (2.5 peratus); dan Pengangkutan (1.6 peratus). Walaubagaimanapun, peningkatan IHP ini diimbangi oleh penurunan harga dan kos Restoran dan Hotel (1.0 peratus); Rekreasi dan Kebudayaan (0.1 peratus); dan Perumahan, Air, Elektrik, Gas dan Bahan Api Lain (0.02 peratus).
3. Kenaikan bagi harga Pelbagai Barangan dan Perkhidmatan sebahagian besarnya adalah disebabkan oleh peningkatan harga insuran; barangan peribadi; dan lain-lain perkhidmatan.
4. Harga Makanan dan Minuman Ringan adalah disebabkan oleh kenaikan harga air mineral dan minuman ringan khususnya minuman ringan *non-aerated* yang terpilih. Dalam pada itu juga, harga import daging yang meningkat dan bekalan sayur-sayuran yang rendah disebabkan sekatan penularan wabak *COVID-19* telah menyebabkan kenaikan indeks tersebut.
5. Manakala, harga Pengangkutan meningkat secara minima disebabkan oleh harga tiket penerbangan bagi menampung kos operasi dari jadual penerbangan yang terhad.
6. Bagi perubahan bulan-ke-bulan, IHP bagi bulan Ogos 2020 menurun sebanyak 0.2 peratus berbanding dengan bulan Julai 2020. Indeks Makanan dan Minuman Ringan meningkat sebanyak 0.05 peratus. Manakala, Indeks Bukan Makanan menurun sebanyak 0.2 peratus.
7. IHP mengukur perubahan harga barangan dan perkhidmatan yang dibayar oleh pengguna

dalam satu tempoh masa yang ditetapkan dan dikumpulkan setiap bulan. Senarai barangan dan perkhidmatan dalam IHP adalah berdasarkan maklumat perbelanjaan purata sebuah keluarga yang diperolehi melalui Kajian Perbelanjaan Keluarga. Laporan penuh IHP bagi bulan Ogos 2020 boleh didapati melalui laman sesawang JPES: [www.deps.gov.bn](http://www.deps.gov.bn).

**HEADLINE: CONSUMER PRICE INDEX (CPI) INCREASED BY 2.1 PER CENT**  
**YEAR-ON-YEAR IN AUGUST 2020**

---

1. *The CPI in August 2020 increased by 2.1 per cent year-on-year compared to August 2019. Prices of Food and Non-Alcoholic Beverages increased by 2.5 per cent. Meanwhile, Non-Food prices increased by 2.0 per cent.*
2. *The CPI increase was largely attributed to increases in the prices and costs of Miscellaneous Goods and Services (11.4 per cent); Food and Non-Alcoholic Beverages (2.5 per cent); and Transport (1.6 per cent). However, this was moderated by the decrease in prices and costs of Restaurants and Hotels (1.0 per cent); Recreation and Culture (0.1 per cent); and Housing, Water, Electricity, Gas and Other Fuels (0.02 per cent).*
3. *The increase in prices of Miscellaneous Goods and Services was mainly due to increases in the price of insurance; personal effects; and other services.*
4. *Prices of Food and Non-Alcoholic Beverages was driven by the hike in prices of mineral water and soft drinks, specifically selected non-aerated soft drinks. Meanwhile, rising meat import prices and low supply of vegetable due to the COVID-19 pandemic restrictions have led to an increase in the index.*
5. *The rise in prices of Transport was largely attributed to the prices of air tickets in order to cover operational costs from limited scheduled flights.*
6. *On a month-on-month basis, the CPI in August 2020 decreased by 0.2 per cent compared to July 2020. The Food and Non-Alcoholic Beverages Index increased by 0.05 per cent while the Non-Food Index decreased by 0.2 per cent.*

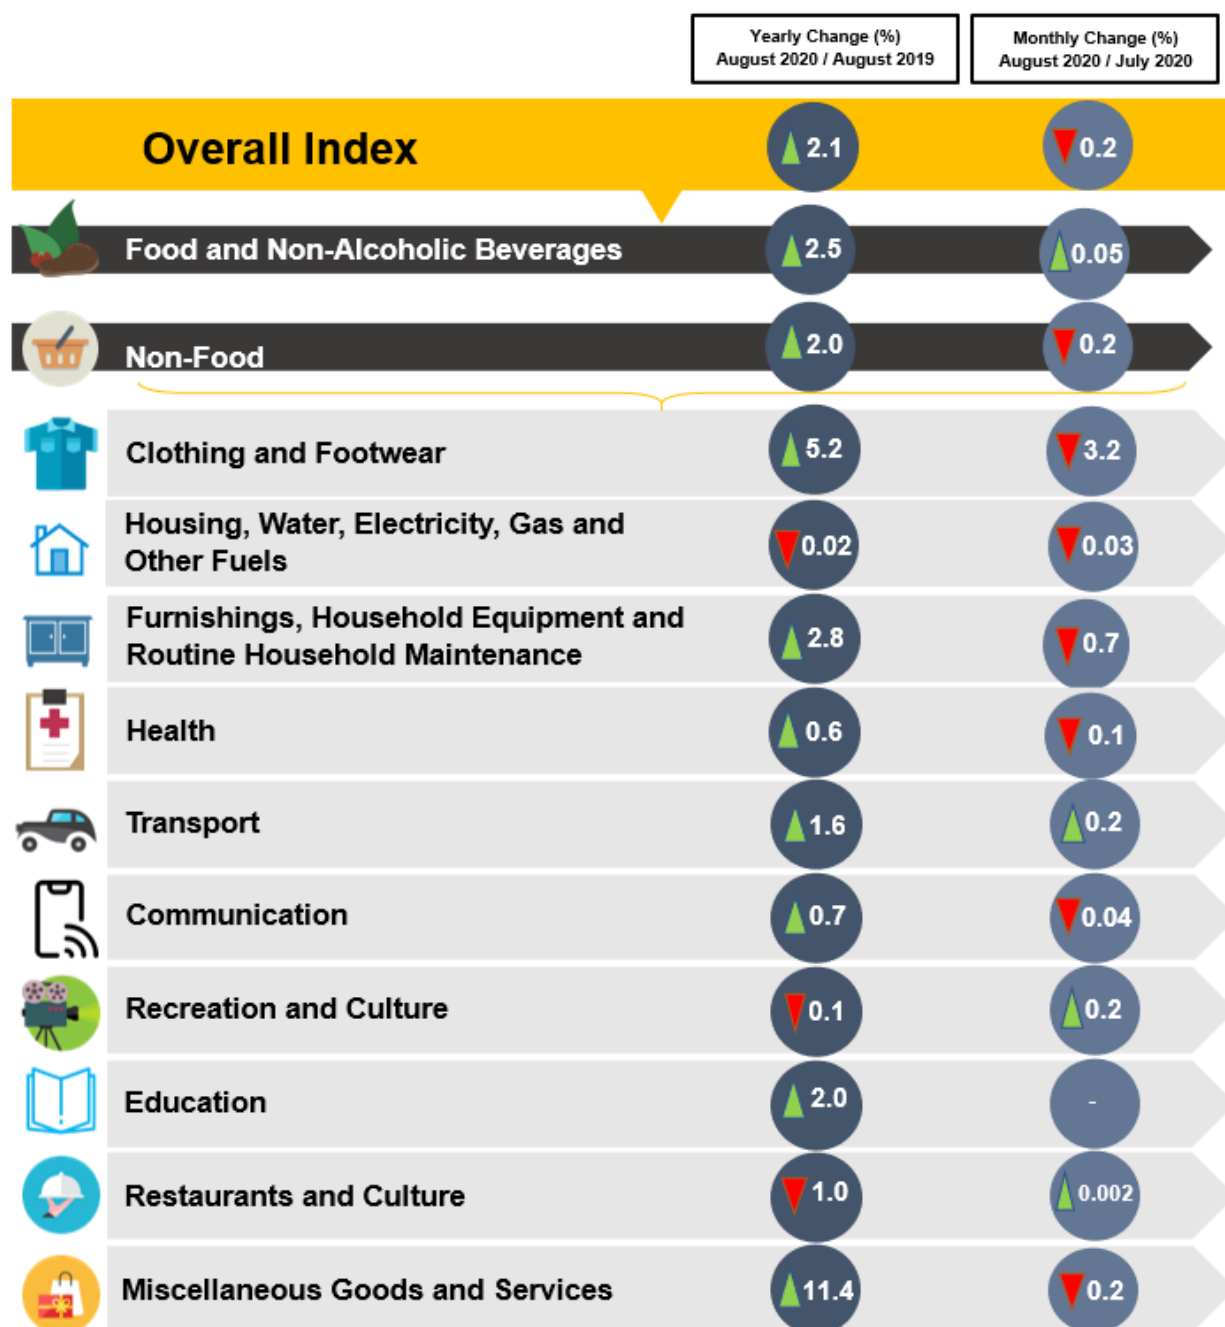

7. *The CPI is a measure of price changes of goods and services paid by the consumer in a specified period and compiled on a monthly basis. The list of goods and services in the CPI is based on the average expenditure per household from the Household Expenditure Survey (HES). The CPI full report for August 2020 is available from DEPS' website: [www.deps.gov.bn](http://www.deps.gov.bn).*

# CONSUMER PRICE INDEX (CPI)

## AUGUST 2020

CPI measures the changes in prices of a fixed basket of goods and services purchased by the majority of household in Brunei Darussalam.
