2. *The year-on-year increase in Food and Non-Alcoholic Beverages prices was due to a rise in the prices of Non-Alcoholic Beverages (11.4 per cent), particularly ready-to-consume low-sugar drinks; Vegetables (4.4 per cent), following an increase in ginger and onions prices due to limited supply from producing countries; and Rice and Cereals (2.9 per cent), caused by a continuous increase in raw materials prices mainly wheat flour.*
3. *Non-Food prices registered a decrease due to a fall in prices of Transport (3.1 per cent) mainly motor vehicle and airfares; Communication (3.1 per cent), particularly telephone and telefax services prices, in line with the promotional offer for internet services since September 2023; and Housing, Water, Electricity, Gas and Other Fuels (0.1 per cent), caused by a fall in the cost of housing rentals.*
